

2018-2019 Robotics Season

Step: 1

Click on the QR code to go straight to the Riverview signup page. The information you provide will be used to help identify possible coaches and students who are interested in being on a team. Within a few days you will receive an email with a link to view who has signed up. Please use the roster to begin networking with others on the list to form your team. When you form your team, email Stan Holt at stanholt@cusd.com with your team members and two coaches as soon as possible. I will then highlight your team on the roster so you will be official. If you are unable to find a second coach, I can pair you up with a mentor coach from Clovis North. Teams with 4–6 students experience the most success throughout the season.

Step: 2

After you form a team with Riverview students, register and start your team with Central Valley Robotics. Visit: www.gocvr.org/start

To learn more about Jr. FLL and FLL, visit www.cvrobotics.org

Additional questions, please contact

Stan Holt at 327-8600 or email stanholt@cusd.com

FIRST oversees First Lego League globally. Central Valley Robotics is partnered with FIRST to implement the programs/tournaments in the central valley. Riverview is helping identify coaches and coordinate team formation.
