

Meeting #1

Due: Journal/Log Book

Review of science fair packet, read over the packet before the next meeting.

Topics:

1. How to Keep a Log Book

Date each page

Write something down every time you think about or do something involving science fair

The goal of your journal is to show the whole process of doing a science fair project

You want to end up with many entries over a wide span of time

Make it easy to read but it doesn't need to be perfect

2. Choosing your Topic

Watch the NASA videos (#1-2)

Think about what interests you and what would be testable

You can use the suggesting in back of packet

Use "Choosing your Topic" worksheet

Comparison projects are for 4th grade only

Working alone can be easier

If you work in a group make sure each person does the same amount of work

3. Use the Riverview website for information.

Look under the "Co-Curricular" tab of the Riverview website for NASA website links, meeting notes and all forms

Reminder: Meeting Next Tuesday,

Contract and Choosing your Topic forms due
